

## ***Senior CAD Drafter***

We are seeking a candidate that excels in the area of AutoCAD and SolidWorks. We manufacture a very diverse product offering and this position requires someone that can fully engage with multiple departments to produce accurate drawings. The ideal candidate will be able to design and produce drawings independently, have an understanding of building codes/permit processes, and have worked with commercial and residential construction.

Requirements include a minimum of 7 years of consistent drafting, previous supervisory experience, strong interpersonal skills, excellent oral and written communication, and a clean driving record with your own vehicle (required for site surveys). Physical requirements include the ability to lift, carry and climb ladders with a maximum of 50 pounds.

We are an equal opportunity employer and offer an excellent benefits package. Any offer of employment is contingent upon passing a drug screen and background check. Salary D.O.E. If you meet the qualifications, please send a resume to [jobs@rainier.com](mailto:jobs@rainier.com) or fax to 425-251-5065.
